35. Upon information and belief, Defendant was aware of facts or circumstances from which the determination regarding the Infringements was apparent. Defendant cannot claim that it was not aware of the infringing activities, including the specific Infringements which form the basis of this complaint, since such a claim would amount to only willful blindness to the Infringements on the part of Defendant.

36. Upon information and belief, Defendant engaged in the Infringements knowingly and in violation of applicable United States copyright laws.

37. Upon information and belief, Defendant has the legal right and ability to control and limit the infringing activities on its Account as well as its Website and exercised and/or had the right and ability to exercise such right.

47. Further, despite Plaintiff's notification to Defendant concerning its infringing activity, Defendant continues to infringe on Plaintiff's works thereby establishing the willful nature of its conduct.

48. As a result of Defendant's misconduct, Plaintiff has been substantially harmed.
